

Bayside Chiropractic, PC

Helping you heal body, mind & spirit naturally

Full-Time Family Practice Associate Chiropractor at Bayside Chiropractic, PC, in Seekonk, MA

We provide chiropractic care for the entire family using SOT® Methods chiropractic and cranial work, as well as other chiropractic techniques, to support patients' proper development.

Our practice specializes in treating pregnancy and pediatrics (including newborns), and we have certified lactation consultants on staff to assist breastfeeding moms and babies. Our mission is to support families throughout the pregnancy, birth and postpartum period.

Bayside Chiropractic is located just outside Providence, RI, home to Brown University and the Rhode Island School of Design, 30 minutes to beaches, an hour to Boston, and three hours to NYC.

As our ideal candidate, you are a recent or soon-to-be chiropractic grad with previous exposure to SOT® Methods and a strong interest in pregnancy and pediatric care. You possess a compassionate and professional manner and good communication skills. Training will be provided by Dr. O'Brien, along with annual SORSI Mid-year and Homecoming seminars (paid for by BCPC).

We pay 40% of treatment collections, with fully paid individual health insurance, malpractice insurance, and 401K provided. Opportunity for growth is built in: our last two associates earned \$82,000 - \$88,000 their first full year, and by year three were at \$130,000 - \$140,000.

We essentially treat four patients per hour (15 minutes each), with 45 minutes allotted for adult new patient appointments. New infant appointments are 30 minutes, and follow-ups are 15 minutes.

Check us out at www.BaysideChiroProvidence.com.

If interested, please reach out directly to Dr. Paul O'Brien at BaysideChiro@msn.com or at 508-333-3777 to learn more about this amazing opportunity.
