

Bayside Chiropractic
A Professional Corporation
Helping you heal body, mind & spirit naturally

Wanted: Full-time family practice Associate Chiropractor at Bayside Chiropractic, PC, in Seekonk, MA

Chiropractic care for the entire family. We use SOT® Methods chiropractic and cranial care, as well as other chiropractic techniques, to support patients' proper development.

Our practice gives special emphasis to treating pregnancy and pediatrics (including newborns.) We have Certified Lactation Consultants on staff to assist breastfeeding moms and babies. Our mission is to support families throughout the pregnancy, birth and postpartum period.

Bayside Chiropractic is located near Providence, RI, home to Brown University and the Rhode Island School of Design, 30 minutes to beaches, an hour to Boston, and three hours to NYC.

Our ideal candidate is a recent or soon-to-be chiropractic grad with previous exposure to SOT® Methods and a strong interest in pregnancy and pediatric care. They should possess a caring and professional manner and good communication skills. Training to be provided by Dr. O'Brien, as well as annual SORSI Mid-year and Homecoming seminars (paid for by BCPC).

We pay 40% of treatment collections, with fully paid individual health insurance, 401K, and malpractice insurance provided. Opportunity for growth is built in: our last two Associates made \$82,000-88,000 their first full year, and by year three were at \$130,00-\$140,000.

We essentially treat four patients per hour (15 minutes each), with 45 minutes allotted for adult new patient appointments. New infant appointments are 30 minutes and follow-ups are 15.

Check us out at www.BaysideChiroProvidence.com.

If interested, please reach out directly to Dr. Paul O'Brien at BaysideChiro@msn.com or at 508-333-3777 to learn more about this amazing opportunity.
