Associate Holistic Veterinarian Houston, Texas:

Veterinary Chiropractic and Rehabilitation Clinic is currently searching for a dedicated Associate Veterinarian to join our team.

VCRC is a busy, free-standing, small and large animal practice located in Houston, Texas. Our goal is to aid in the well-being of our patients using veterinary chiropractic, acupuncture, rehabilitation practices, as well as nutrition counseling and herbal medicine. Very little western medicine. Lots of Veterinary referrals. All the regular medicine and vaccines will get referred back to their RDVM.

We attract A+ clients and provide A++ service. Two-thirds of our practice is small animal, and the rest is Equine. One day a week we schedule farms calls for multiple horses. If you are only interested in small animal, we currently have a 1 page wait list of small animals trying to get in. We could use someone immediately.

Certifications in one or more of these modalities are preferred: Chiropractic, Acupuncture, Canine and/or Equine rehabilitation. Full or part-time positions are available.

We offer competitive pay and salary options from part-time to full-time 55K - 125K to start. Practice buy-in is also available.

For more information on our facility, please visit our website:
