

Associate Chiropractor | \$125K to \$200K | Full Time

Damato Chiropractic Center is seeking a motivated, personable chiropractor to join our growing team. This is an opportunity to step into a thriving, established family and sports chiropractic practice with a strong patient base, experienced support team, and excellent reputation in the community.

We currently see approximately 650 patient visits each week, so you will not be expected to build a practice from the ground up. Whether you are an experienced chiropractor looking for your next opportunity or a new graduate ready to grow in a busy, supportive environment, we would love to hear from you.

About Our Practice

Our team includes three chiropractors, 18 licensed massage therapists, and six administrative team members working together to provide an exceptional patient experience.

We care for patients of all ages and have longstanding relationships with local healthcare providers, families, schools, and athletic programs, including recreational, high school, collegiate, and professional athletes.

Our practice has also expanded to include Immerse HydroSpa & Massage, Connecticut's first hydrotherapy spa, bringing chiropractic care, massage therapy, recovery, and hydrotherapy together under one roof.

Who We Are Looking For

Our ideal candidate:

- Has a strong chiropractic philosophy and passion for patient care
- Is personable, confident, dependable, and motivated
- Communicates well and connects naturally with patients
- Enjoys treating patients of all ages, including families and athletes
- Is coachable and eager to continue developing as a doctor
- Works well within a collaborative, fast paced team
- Wants to become an active, long-term part of the practice and community

New graduates are encouraged to apply.

Compensation & Benefits

Full Time Compensation: \$125,000 to \$200,000 including bonus opportunities

Benefits include:

- 401(k) with employer match and profit-sharing contributions
- Malpractice insurance premium reimbursement
- Generous paid time off
- Paid continuing education
- Established patient volume
- Experienced clinical and administrative support
- Professional growth and mentorship opportunities
